

Sealmatic Meets Stupendous Success At PCV Expo 2025 Moscow, Russia.

The PCV Expo exhibition is the largest range of industrial pumps, compressor equipment, valves, actuators and engines taking place annually in Moscow, Russia. The exhibition serves as a platform for showcasing cutting-edge technologies, sharing valuable insights and fostering collaboration among professionals.

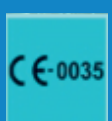

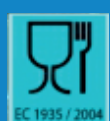

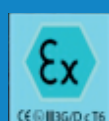

Sealmatic seized the opportunity to connect with existing clients and engage with potential partners, further strengthening its global network at PCV Expo. Sealmatic's presence at the PCV exhibition garnered immense attention and enthusiasm from industry professionals, including Pump OEMs, Oil and Gas, Petrochemical, Chemical experts and various other key stakeholders.

Sealmatic's participation at the PCV Expo was an effective way of promotion and introducing mechanical seals in the Russian market. It created the opportunity for Sealmatic to find and target new customers and collaborate with the existing partners, thus to increase sales and expanding its geography. The positive response from the visitors and connections forged during the event reaffirmed Sealmatic's position as an industry leader. The decision to be a part of this renowned exhibition was a testament to Sealmatic's commitment to staying at the forefront of the sealing technology. With continuous innovation and excellence, Sealmatic has proven once again that it is a force to be reckoned with in the world of sealing technology.
